

Title: Nurse (APRN Practitioner/Family Practice) GS-0610-13

Body: Puyallup Community Medical Clinic

Full-time permanent position

If you are interested in applying for these positions, please feel free to forward the Madigan Nurse Recruiter a cover letter, resume, two to three references and possibly a Letter of Recommendation to [usarmy.jblm.medcom-mamc.list.cpd@mail.mil](mailto:usarmy.jblm.medcom-mamc.list.cpd@mail.mil). The purpose of this work is to ensure a high level of health care for patients with chronic and acute illnesses. The incumbent is responsible for facilitating the medical care of the patients in the outpatient setting, in addition to developing the plan of care. This includes participation in patient education in order to promote the effective involvement of patients in their care. The work engages in Department of Army research with immediate and long-range impact through planning, implementation of care and evaluation, patient teaching, family counseling and involvement with interdisciplinary colleagues in the advancement of medical treatment initiatives. Incumbent will be presenting patient cases and classes for patient care conferences in collaboration with other members of the health care team. Communicates patient management strategies to members of the patient care team. Collaborates with physicians regarding patient management, to include evaluating and revising therapeutic plans. Serves in a leadership position and is recognized as a consultant and role model to other health care professionals both within and outside the institution.
